MATERIAL SAFETY DATA SHEET

1. Product and Company Identification

Material name Fogbuster

Version # 01

Revision date 11-11-2009

Product Code344061999, 344062999, 344063999Product useAnti-Fog Lens Treatment System

Manufacturer information Hilco

33W. Bacon St. Plainville, Ma 02762 Telephone number 508-699-4406 Contact Person: Mike Lennox

Emergency 1-800-535-5053

2. Hazards Identification

Physical state Solid.

Appearance Liquid saturated paper towelette

Emergency overview WARNING

Combustible. Causes eye irritation. Prolonged or repeated contact may dry skin and cause

irritation. Prolonged exposure may cause chronic effects.

OSHA regulatory status This product is considered hazardous under 29 CFR 1910.1200 (Hazard Communication).

Potential health effects

Routes of exposure Inhalation. Skin contact. Eye contact.

Eyes Causes eye irritation.

Skin Prolonged or repeated contact may dry skin and cause irritation.

Inhalation Vapors may cause drowsiness and dizziness.

Ingestion Health injuries are not known or expected under normal use. However, ingestion may cause

irritation and malaise.

Target organs Eyes. Skin. Central nervous system.

Chronic effects Frequent or prolonged contact may defat and dry the skin, leading to discomfort and dermatitis.

May cause central nervous system effects.

Signs and symptoms Irritation of eyes and mucous membranes. Corneal damage. Defatting of the skin. Skin irritation.

Drowsiness and dizziness.

Potential environmental effects The product components are not classified as environmentally hazardous. However, this does not

exclude the possibility that large or frequent spills can have a harmful or damaging effect on the

environment.

3. Composition / Information on Ingredients

Components	CAS#	Percent
Water	7732-18-5	60 - 85
Isopropyl alcohol	67-63-0	10 - 20
Proprietary	N/A	4 - 10
Proprietary	N/A	< 5
Proprietary	N/A	<5

Composition comments All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in

percent by volume.

4. First Aid Measures

First aid procedures

Eye contact Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops or persists.

Fogbuster CPH MSDS NA

Skin contact Wash off with soap and water. If irritation persists get medical attention.

Move to fresh air. Get medical attention, if needed. Inhalation

Ingestion Rinse mouth thoroughly. If ingestion of a large amount does occur, call a poison control center

immediately.

Notes to physician In case of shortness of breath, give oxygen. Symptoms may be delayed.

In case of shortness of breath, give oxygen. Ensure that medical personnel are aware of the **General advice**

material(s) involved, and take precautions to protect themselves.

5. Fire Fighting Measures

Flammable properties Combustible. During fire, gases hazardous to health may be formed. Solvent vapors may form

explosive mixtures with air.

Extinguishing media

Suitable extinguishing

media

Water, Foam, Dry powder, Carbon dioxide (CO2).

Unsuitable extinguishing

media

Do not use a solid water stream as it may scatter and spread fire.

Protection of firefighters

Specific hazards arising from the chemical

Fire may produce irritating, corrosive and/or toxic gases.

Protective equipment and precautions for firefighters

Self-contained breathing apparatus and full protective clothing should be worn when fighting chemical fires.

Special protective equipment

for fire-fighters Specific methods Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, protective clothing and face mask.

6. Accidental Release Measures

Extinguish all ignition sources. Avoid sparks, flames, heat and smoking. Keep people away from Personal precautions

> and upwind of spill/leak. Ventilate closed spaces before entering. Wear suitable protective clothing. Avoid inhalation of vapors and contact with skin and eyes. Local authorities should be

advised if significant spillages cannot be contained.

Use water spray to cool unopened containers.

Environmental precautions

Methods for containment

Avoid discharge into drains, water courses or onto the ground unless authorized by permit.

Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Prevent

entry into waterways, sewer, basements or confined areas.

Collect with absorbent, non-combustible material into suitable containers. Clean surface Methods for cleaning up

thoroughly to remove residual contamination. Should not be released into the environment.

Other information Clean up in accordance with all applicable regulations.

7. Handling and Storage

Keep away from sources of ignition - No smoking. Avoid inhalation of vapors/spray and contact Handling

with skin and eyes. Avoid prolonged exposure. Use only with adequate ventilation.

Store in a well-ventilated place. Keep container tightly closed. Protect from freezing and direct Storage

sunlight. Keep out of the reach of children. Keep away from food, drink and animal feedingstuffs.

8. Exposure Controls / Personal Protection

Occupational exposure limits

airborne levels below recommended exposure limits.

Personal protective equipment

Eye / face protection Wear safety glasses with side shields (or goggles).

Skin protection Wear protective gloves.

Respiratory protection When workers are facing concentrations above the exposure limit they must use appropriate

certified respirators.

General hygiene Avoid contact with eyes. Avoid contact with skin. Keep away from food and drink. Handle in

considerations accordance with good industrial hygiene and safety practice.

9. Physical & Chemical Properties

Appearance Liquid saturated paper towelette

Color White.

Odor Sweet. Slight alcohol

Odor threshold Not available.

Physical state Solid.

Form Paper towelette
pH 6 Approx.

Melting point Not available.

Freezing point Not available.

Fogbuster CPH MSDS NA

Not available. **Boiling point** Not available. Flash point Not available. **Evaporation rate** Not available. **Flammability** Flammability limits in air, Not available. upper, % by volume

Flammability limits in air,

lower, % by volume

Not available.

Not available. Vapor pressure Not available. Vapor density Specific gravity Not available. Solubility (water) Not miscible.

Partition coefficient (n-octanol/water)

Not available.

Auto-ignition temperature

Not available. Not available.

10. Chemical Stability & Reactivity Information

Material is stable under normal conditions. Chemical stability

Heat, flames and sparks. High temperatures. Contact with incompatible materials. Conditions to avoid

Incompatible materials Strong oxidizing agents. Acids.

Hazardous decomposition

Decomposition temperature

products

CO. CO2.

Possibility of hazardous

reactions

Hazardous polymerization does not occur.

11. Toxicological Information

Toxicological data

Components **Test Results** Isopropyl alcohol (67-63-0) Acute Dermal LD50 Rabbit: 5030 - 7900 mg/kg

Acute Oral LD50 Rat: 4700 - 5800 mg/kg

Causes eye irritation. Prolonged or repeated skin contact may cause irritation. Local effects

Sensitization Not available.

Contains organic solvents which in case of overexposure may depress the central nervous system **Chronic effects**

causing dizziness and intoxication.

Carcinogenicity This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

ACGIH Carcinogens

Isopropyl alcohol (CAS 67-63-0) Group A4 Not classifiable as a human carcinogen.

Mutagenicity Not available. Not available. **Neurological effects** Not available. Reproductive effects **Teratogenicity** Not available.

12. Ecological Information

Ecotoxicological data

Components **Test Results**

Isopropyl alcohol (67-63-0) LC50 Bluegill (Lepomis macrochirus): > 1400 mg/l 96 Hours

The product is not classified as environmentally hazardous. However, this does not exclude the **Ecotoxicity**

possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Environmental effects An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

Persistence and degradability

Not available. No data available.

Bioaccumulation / Accumulation
